

4th RSSA | SASPI PAEDIATRIC IMAGING COURSE **14 – 16 NOVEMBER 2025 | INVESTEC BUILDING, CAPE TOWN**

Dear Valued Client,

We take great pleasure in announcing the 4th RSSA/SASPI Paediatric Imaging Congress which will take place at The Aquarium, Waterfront Cape Town from 14 – 16 November 2025. This congress will focus on Paediatric Neuroradiology and Musculoskeletal Imaging. The Faculty consists of several internationally renowned Paediatric Radiologists. The selected topics will give insight and guidelines into the management of both common and challenging conditions encountered.

We anticipate approximately 150 – 180 delegates will attend this event and are planning networking opportunities and interactive sessions that can facilitate meaningful exchanges and discussions.

The conference is aimed at general radiologists in both public and private sector with an interest in paediatric imaging.

The Paediatric Neuroradiology Faculty (confirmed up to date)

Professor Caroline Robson Chief of Paediatric Neuroradiology at the Boston Children's Hospital and Associated Professor of Radiology at the Harvard Medical School. Dr Robson is a past president of the American Society of Paediatric Neuroradiology and the American Society of Head and Neck Radiology.

Dr Kshitij (Kish) Mankad, Consultant Paediatric Neuroradiologists & Neuroradiology Specialty Lead, Department of Radiology, Great Ormond Street Hospital for Children (GOSH), London, UK. He has been a Consultant Neuroradiologist with the National Health Services since 2011, serving Great Ormond Street Hospital, University College London Hospital, Chelsea & Westminster Hospital, and is also the Clinical Lead for the Paediatric Neuroradiology service at GOSH. He is an Associate Professor at the GOS UCL Institute of Child. He has an extensive education and training portfolio. His clinical academic interests are diverse including neuro-oncology, neuroinflammatory diseases, brain malformations, developmental delay, epilepsy and abusive head trauma. He has authored five text-books, over 145 peer reviewed publications and several book chapters.
