

Dr Ebrahim Kader

South Africa

Eb Kader is a Private practice and part time state service diagnostic and Neuro/General Interventionalist. He qualified as a diagnostic radiologist in the early noughties garnering the Rhone-Polenc Medal for Diagnostic Radiology, as well as Protea Holdings prize for top Radiologist in SA.

Eb completed his Msc from University Paris-Sud in 2004. He co-launched the neurointerventional programme in Cape Town with the now past president of the WFITN, and currently runs the Neuro and general Interventional service for his private practice. He also holds an affiliate appointment in the Dept of Neurosurgery at the University of Cape Town, lecturer in Faculty of Health Sciences from University of Stellenbosch, and is on the Steering Committee for the Angels Stroke Network.

He holds specialist registration in the UK, and while in the military, served as radiology consultant for SA expeditions to Antarctica. With a strong interest in IT systems and Networking, he has previously headed the team that transitioned his practice to a digital platform. Dr Kader is published both locally and internationally, and has lectured at national & international congresses.
