

Dr Steve Ebdon-Jackson

England

Steve Ebdon-Jackson has spent his entire career in the healthcare sector, working as a medical physicist, government policy maker, regulator and inspector at the Department of Health in England, and as an adviser to UK government departments and international organisations. He has contributed to the development of the International Basic Safety Standards and European Directives and multiple guidance documents. He has been awarded Fellowship of the Royal College of Radiologists, Honorary Fellowship of the Royal College of Physicians of London and The British Nuclear Medicine's Norman Veal Medal. Since retiring, he has continued to work with WHO, IAEA and notably the European Society of Radiology – as the chair of the ESI Ethics in Radiation Protection Working Group and as a member of ESR's Patient Advisory Group.
