

Dr Gavin Kirk

Cape Town, South Africa

Dr Gavin Kirk is a specialist forensic pathologist.

He is Clinical Unit Head in the West Metropole region of Cape Town for the Forensic Pathology Service of the Western Cape Government and Senior Lecturer in Forensic Medicine at the University of Cape Town.

He has extensive experience having performed approximately 7000 forensic autopsies. He has been closely involved in the training of many registrars who are now fellow specialist forensic pathologists and has been an examiner for the College of Forensic Pathologist for 20 years.
