

Dr Werner van Straaten

Durban

Dr W van Straaten
MBChB (Stell), FC Rad (Diag), EBIR

Currently employed by Lake,Smit and Partners in Durban as an associate partner, performing both diagnostic radiology, as well as body and neuro-interventional procedures.

Spearheaded the acute stroke intervention service in our practice, where we have been performing thrombectomy since 2017.

Our practice also performs a diverse number of neurointerventional procedures, including ischaemic stroke, aneurysm, dural AVF and cerebral AVM treatments.
