The 16–19 Landscape: Challenges, Insights and Action

TUESDAY 24 JUNE 15:45-16:45

Gen Z Zone

ABOUT THIS SESSION

This panel session offers a timely look at the key challenges and opportunities shaping the 16–19 education and skills landscape. Hear from sector experts as they share insights on funding, learner engagement, careers guidance, and curriculum design—alongside real-world strategies that are making a difference on the ground.

WHY YOU SHOULD ATTEND THIS SESSION

Gain practical ideas and sector intelligence to strengthen your 16–19 provision. Leave with actionable takeaways, peer insights, and a clearer understanding of how to navigate policy shifts and shared challenges across the sector.

WHO SHOULD ATTEND THIS SESSION

Curriculum developers, careers advisers, employer engagement leads, and workforce planners involved in designing programmes for future-focused sectors. Especially relevant for those integrating green and transferable skills into learning pathways and supporting Gen Z learners in navigating sustainable, long-term career progression.

SPEAKER OVERVIEW

Paul Stannard, Senior Policy Manager at AELP
