# Let's shape the future together

With BCS membership, there's no limit to what you can achieve.

We are the professional membership community that gives access to a world of opportunities. We'll help you to gain the skills, expertise and experience you need for success, and to build your professional network and influence.

Benefits to support you, wherever you are in your career.

With BCS membership, you can find your career path, gain skills and expertise, prove your credentials, and shape the future of the IT industry.

Why join BCS?

Joining BCS is about being recognised as a competent, ethical and accountable professional who's using tech for good in today's society. It's about developing your skills and keeping up to date with the latest digital thinking, growing your professional network, and being respected for your place in the industry.

Plan and progress your career

Benchmark your abilities on the IT industry skills framework, plot your career goals, and access the resources that will help you meet them.

Enjoy industry recognition

Raise your profile with industry letters after your name, a place on a public register, and your professional integrity backed by our members' code.

Connect with the tech community

Join our network where you can share knowledge and collaborate on all things digital, from everyday IT to the ethical challenges facing your sector.

Partner with a BCS mentor

Take your lead from a BCS mentor, someone on your career path a step or two ahead who can share their IT and business expertise to help you develop yours.

Keep your skills up to date

Tech is evolving every day and you will too at BCS with practical career development tools, e-learning and CPD resources at your fingertips.

Save £££s

Enrich your IT career for less with a wide range of discounts on training, hardware, publications, public liability cover, legal services and more.

Which grade's for me?

Wherever you are in your career we can support your progression. BCS membership underpins experience, certification and competency, and all are benchmarked against SFIA, the global industry standard.

Associate (AMBCS)

Associate membership is designed specifically for IT apprentices or trainees just starting out on their professional journey. Because when you're busy building the foundations to your tech career you need practical support, industry contacts and guidance you can trust.

Professional (MBCS)

If you're a skilled, ethical IT professional looking to raise your profile and your career potential, then you're in the right place. Join BCS as a Professional (MBCS) member and be part of the driving force behind today's global tech industry.

Fellow (FBCS)

BCS Fellowship is home to the most influential professionals in the digital industry. Connect with the leaders who share your passion for tech, your technical expertise, your business acumen, ethics and social.

Student

Connect with the people working in your industry and discover learning and employability resources at your fingertips – all designed to help you smash your studies and cruise your way from classroom to career.

Affiliate

Got a passion for IT but no professional experience? Get closer to technology and the people who make it happen, by becoming a BCS Affiliate.

❝

The role that BCS plays in providing informed advice and influence into Government and legislation, and creating a template for young people to enter the sector and prosper is invaluable.

Stuart Muckley MBCS

❝

I believe that the more diverse the voices within BCS and the IT sector the better for all of society. As a BCS Fellow I have the opportunity to raise the profile of our policy work and ensure that all voices are represented.

Rachel Steenson FBCS
