THE CRANIOFACIAL SOCIETY  
OF GREAT BRITAIN AND IRELAND

Annual Scientific Meeting & CEN Day  
Grosvenor Hotel, Glasgow  
Wednesday 22 - Friday 24 April 2026

## Welcome to Glasgow

On behalf of the National Cleft Surgical Service for Scotland, I am delighted to welcome you to the Annual Scientific Meeting of the Craniofacial Society of Great Britain and Ireland, taking place from **22nd to 24th April 2026**.

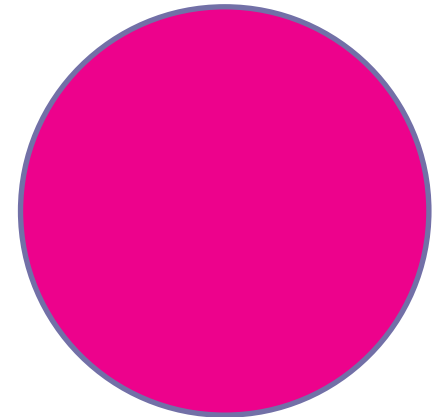

Our theme this year is **“Realistic Cleft Care: Optimising Outcomes & Minimising Burden of Care.”**

Our keynote speakers come from a variety of areas and have been invited with a specific focus on this theme in mind. We hope this will prompt meaningful reflection across the UK cleft care community regarding outcomes, service delivery, and most importantly, how we can maximise benefit while reducing the burden of care for those who use our services. We also hope to focus on looking ahead to what is needed to ensure cleft services remain efficient, effective and realistic in the years to come.

Glasgow is a vibrant, welcoming city - recently crowned the UK's friendliest for 2024. It is a place of creativity, culture and warmth, and is surrounded by stunning Scottish countryside. We hope you will take time to explore and enjoy everything the area has to offer, alongside a rich and rewarding conference experience.

We look forward to seeing you all in April 2026!

**Rebecca Crawford**  
Consultant Clinical Psychologist  
CFSGBI President

# About the Craniofacial Society of Great Britain & Ireland

We are a multidisciplinary group of individuals committed to improving the clinical care of children and adults with cleft lip and/or palate and other craniofacial anomalies, through research, training and the sharing of knowledge and ideas.

We represent the healthcare professionals in this field and provide a platform that promotes collaboration and innovation to improve care for patients. Our functions include organising an annual scientific meeting, sponsoring research, commenting on medico-political issues relating to cleft lip and palate service provision and providing a membership directory.

Our current membership reflects the composition of teams throughout the country treating patients with cleft lip and palate and craniofacial anomalies. Current members come from the following professions:

- Surgeons (maxillofacial, plastic & paediatric)
- Clinical Nurse Specialists
- Orthodontists
- Restorative Dentists
- Paediatric Dentists
- Speech & Language Therapists
- Clinical Psychologists
- Audiologists
- Dental Technicians
- Geneticists
