Third EAGE Workshop on Advanced Seismic Solutions in the Gulf of Mexico

16-17 OCTOBER 2024 • MEXICO CITY, MEXICO

- **First Announcement & Call for Abstracts**
-

WWW.EAGE.ORG

MEET THE TECHNICAL COMMITTEE

Adrian Sanchez	Halliburton
Shuki Ronen	Sercel and Stanford University
Marco Antonio Arreguin Lopez	SLB
Kevin Cuevas	EAGE Local Chapter México
Abdallah Ibrahim	SLB
Ravi Kumar	CGG
Timmy Dy	CGG
Dag Helland-Hansen	EMGS
Sriram Arasanipalai	PGS
Nizar Chemingui	PGS
Erik Neumann	Shearwater Geoservices
Susanne Rentsch-Smith	Shearwater Geoservices
Arnulfo Diaz	PEMEX

WORKSHOP OVERVIEW

Discover cutting-edge solutions at the Third EAGE Workshop on Advanced Seismic Solutions in the Gulf of Mexico, a two-day event in Mexico City from 16-17 October 2024. Learn from industry experts how to overcome the challenges and risks of operating in this major petroleum-producing area. Dive into seismic survey design, data processing and imaging, inversion, interpretation, reservoir monitoring, and more.

Join us for this third edition of the workshop, organized by EAGE with the support of various sponsors and partners, and be part of the solutions that will shape the future of exploration and production in the Gulf of Mexico and beyond. The workshop is open to all professionals and students interested in the offshore oil and gas industry in the Gulf of Mexico. Visit the workshop website for more information.

LOCATION

Mexico is a great mosaic that combines beautiful natural settings, cities with pre-Hispanic, colonial, and modern heritage, a wide variety of exquisite delicacies that delight palates, and fascinating traditions that captivate the visitor.

From the beach to the mountains, from the desert to the jungle, from the archaeological zone to the vibrant cities, from sweet to spicy flavors, from relaxing to the happiness of its parties, Mexico has everything that tourists are looking for, which is well received by the warmth of its people. Mexico has 32 states to fall in love with

VENUE

The **NH Collection Mexico City Reforma hotel**, formerly known as **NH Collection Mexico City**, sits in the heart of the upscale Zona Rosa neighborhood, just a 2-minute walk from Mexico City's financial district. The tourist attractions in the historic center are only 15 minutes away on the subway and there are high-end shops, bars, and restaurants on the doorstep.

MEET OUR KEYNOTE SPEAKERS

Andreas Ellmauthaler
Halliburton

Denes Vigh
SLB

And more to come!

“Dive into topics such as seismic survey design, data processing and imaging, inversion, interpretation, reservoir monitoring, and more.”

THE CALL FOR ABSTRACTS IS STILL OPEN!

Don't miss out on this golden opportunity to showcase your expertise and contribute to the advancement of seismic solutions in the dynamic Gulf of Mexico region. Whether you're a seasoned researcher, industry professional, or emerging talent, we want to hear from you!

Join us as we delve into the latest advancements, trends, and challenges shaping the seismic landscape of the Gulf of Mexico.

The Main Topics Are:

- Seismic acquisition: technology, seismic design and operation
- Seismic Data Processing & Imaging
- Seismic interpretation
- Shallow structure

Submit your paper before **1 July 2024**.
