Examples (Optional)

This is the first sentence of a second sample section. Each of the paragraphs and section headings appear shaded in this template, with the exception of the bulleted items above and the text in the following figure.

These text boxes appear shaded on the screen only. It will disappear as you select each paragraph to replace with your own text, or just delete.

If you have a chart, graphic, equation, etc. you will need to embed them in the document. You can insert an external file. Here is an example of a figure.

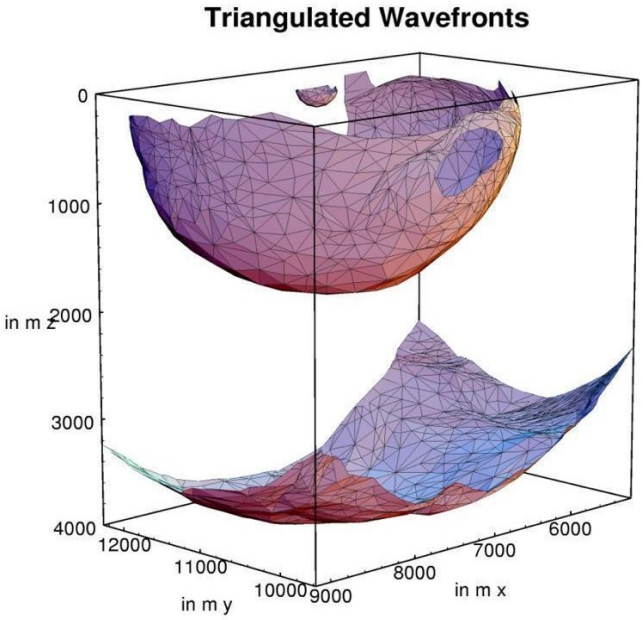

Figure 1 *This is an example of a figure imported from jpeg (courtesy of Gilles Lambaré). Left click on Insert on the menu bar and then select Picture. You can also select to embed an object instead of a picture. You can either embed an existing file or create your object at that point. Number the figures sequentially, according to their appearance in the text, and check that each figure is cited in the text. Supply a short* ***caption*** *for each figure; more detailed discussion of the figure can be reserved for the text. In this template figure captions are 11pt italic Times New Roman. Further information about the use of figure captions and figure numbering can be found in the* First Break Author Guidelines.
