GENERAL INFORMATION

EAGE

The European Association of Geoscientists and Engineers (EAGE) is a global professional, non-profit association for geoscientists and engineers with 19.000 members worldwide. The objective is to collect and distribute technical knowledge. EAGE organizes events and publishes a monthly magazine for its members and 5 scientific journals. All members of EAGE are professionally involved in (or studying) geophysics, petroleum exploration, geology, reservoir engineering, mining and mineral exploration, civil engineering, tunneling and environmental matters. EAGE's head office is located in the Netherlands with regional offices in Moscow, Dubai, Kuala Lumpur and Bogota.

ABOUT THE WORKSHOP

The objectives of the workshop are to discuss the current progress and future trends in the interpretation of attributes with emphasis on results that impact decision making. Applications in varying geologic environments (e.g: deepwater, salt, clastics/carbonates), quantitative interpretation, advanced attributes extraction, new interpretation methods and artificial intelligence machine learning shall be covered from improving subsurface/ reservoir imaging to hydrocarbon prediction. Main considerations are risks, uncertainties and pitfalls in interpretation of attributes.

SPONSORING OPPORTUNITIES

With an array of unique promotional opportunities, we can help you design the perfect programme to enhance your company's experience at EAGE Workshop on The Interpretation of Attributes to Impact Decision Making. The Main Sponsor Programme exposes attendees and businesses to your company and promotes your presence within the industry.

EAGE strives to realize recognition, long term exposure, benefits and publicity for companies that sponsor EAGE workshops.

WHY BECOME A SPONSOR

When you are a corporate sponsor you get high visibility in a qualitative and uncluttered environment that makes your message stand out. EAGE is synonymous with quality, with proven track records in the past. The workshop programme offers a diverse menu that will help you reach your target audience.

Sponsoring will enable you to:

- Increase your visibility to a national, regional and international audience
- Enhance your corporate image
- Reach an influential and exclusive audience
- Break through the media clutter
- Associate your company with EAGE – World's truly multi-disciplinary geosciences society

Please note that sponsoring opportunities are not restricted to packages in this guide. We would be delighted to explore ideas to fit your budget.

MAIN SPONSORS

EAGE offers an opportunity to act as a main sponsor of the workshop. The Main Sponsor Programme exposes attendees and businesses to your company and promotes your presence within the industry.

New tools and techniques developing for mapping & visualizing 3D seismic data

Data quality (acquisition and processing) remains notwithstanding, perfect recognition is critical for seismic geomorphology within the appropriate context. Results (stratigraphic geologic faces distribution) are geometries—

Zonetic development of appropriate attributes available to 3D seismic data (quantitative) especially quantitative databases on preserved geomorphology

Quantitative sequence stratigraphy are evolving, increasing resolution from 2nd order (~1Ma) to 4th order (~100Ka) temporal scales

Integration is crucial for modelling to provide a predictive and exploratory context for exploration, appraisal & production to narrow uncertainty & reduce risk

ADDITIONAL EXPOSURE

EAGE has a number of other products to promote your company.

Advertising

EAGE offers a variety of advertising possibilities related this event. These special topics include, but are not limited to: Reservoir Monitoring, Reservoir Geoscience and Engineering and Passive Seismic. We have multiple options to further promote your company through our First Break issues. Advertising starts from € 725,- and is designed to create a high attention value of your presence at relevant EAGE workshop.

Institutional Subscription to EarthDoc

Did you know that EarthDoc, EAGE's online Geoscience database contains more than 5,000 papers about Mathematics of Oil Recovery, with in total over 63,000 event papers and journal articles?

With an institutional subscription you will have access to papers two weeks prior to workshop.
