

The top half of the image features a vibrant cityscape of Buenos Aires, Argentina, with several tall skyscrapers and modern buildings along the waterfront. The buildings are reflected in the calm water of the river. In the top left corner, there is a green square containing the EAGE logo and its full name. In the top right corner, there is a decorative graphic of a network or constellation of dots connected by thin lines.

Felipe Penin	Seiche
Ricardo Berlotti	Nativo Energy

## WORKSHOP OVERVIEW

The global energy transition is evolving rapidly, and the Southern Cone of Latin America has immense potential to drive innovation and sustainable solutions. The First EAGE Workshop on Energy Transition in the Southern Cone of Latin America will bring together industry experts, researchers and policy makers to discuss the latest developments in geological hydrogen, offshore wind, geothermal, CCUS and other key issues shaping the future of energy.

## LOCATION

[Welcome to Buenos Aires!](#)

Buenos Aires is the capital and most populous city of the Argentine Republic. Its official names are City of Buenos Aires or Autonomous City of Buenos Aires. It is located in the central-eastern region of the country, on the southern shore of the Río de la Plata, in the Pampas region. It is a cosmopolitan city and a major tourist destination. Its complex infrastructure makes it one of the most important metropolises in America and is an alpha category global city, given its influences in commerce, finance, fashion, art, gastronomy, education, entertainment and mainly in its marked culture.
