

## Exhibiting at a conference

Exhibiting at a conference in South Africa brings many opportunities, but at the same time, there are things that you should be aware of, to ensure that everything runs smoothly.

Exhibition Freighting G.S.M (**EF-gsm**) are an expert **Exhibition Logistics company** who specialise in moving goods to & from exhibitions.

Moving products to an event is very technical, and this is predominantly where the skills and expertise of an **Exhibition Freight Forwarder** come in. **EF-gsm** have the knowledge and experience to assist the Exhibitor. We know that attention needs to be paid to timelines when transporting goods to a Conference. In fact, **EF-gsm** recommends that you allow at least **1 month to pack and arrange the transport of your goods**, preferably following the below timelines:

- 3 days – To wrap and pack your goods
- 1 week – For the export formalities
- 3-4 days - For the Airfreight travel
- 2 weeks – For the Customs Clearance in South Africa and to comply with the import regulations.

Please email us a copy of your Commercial Invoice, so we can check before you send your goods. Email: [ef-gsm@ef-gsm.co.za](mailto:ef-gsm@ef-gsm.co.za)

The exciting team of EF-gsm are here to provide a good experience for you, the exhibitor. Through our knowledge & experience, we are able to free the frustrations of managing the logistics of moving your exhibits to this event.

Wishing you a successful Conference
