

IMMORTALIZED & PRIMARY CELLS

Immortalized cell lines

- Immortalized human astrocyte cell line
- Immortalized human microglial cell line
- Immortalized human brain microvascular endothelial cell line
- Immortalized human Bronchial Epithelial Cell Line
- Immortalized human Cardiac Fibroblast Cell Line
- Immortalized human Corneal Epithelial Cell Line
- Immortalized human Conjunctival Epithelial Cell Line
- Immortalized human Hepatic Sinusoidal Endothelial Cell Line
- Immortalized human Dermal Microvascular Endothelial Cell Line
- Immortalized human Small Intestine Fibroblast Cell Line
-

Human/Animal primary cells

- CNS Primary Cells (Neurons, Microglia, Astrocytes, Pericytes, Endothelial Cells, DRGs)
- Cardiac Primary Cells (Fibroblasts, Valvular Interstitial, Endothelial Cells, Smooth Muscle Cells)
- Hepatic Primary Cells (Hepatocytes, Stellate Cells, Sinusoidal Endothelial Cells)
- Renal Primary Cells (Mesangial Cells, Proximal Tubule Cells, Fibroblasts, Endothelial Cells)
- Dermal Primary Cells (Keratinocytes, Fibroblasts, Melanocytes, Endothelial Cells)
- Ocular Primary Cells (Corneal Cells, Retinal Cells, Conjunctival Cells, Pigment Cells)
- Gastrointestinal Cells (Stomach, Small Intestine & Colonic fibroblasts, endothelial, epithelial)
- Skeletal Primary Cells (Osteoblasts, Chondrocytes, Synoviocytes, Nucleus Pulposus Cells)
- Lung Primary Cells (Endothelial cells, Fibroblasts, Bronchial & Small Airways Epithelial Cells)
- Bladder Cells (Fibroblasts, epithelial cells, endothelial cells)
- Pancreatic Cells (Stellate cells, fibroblasts, epithelial cells)
