

Rewake

Refurbished lab equipment

Committed to making **innovation more sustainable and accessible**, Rewake is your trusted partner for buying and selling laboratory equipment.

Price, quality, and durability are at the heart of our offer thanks to Rewake's 3Rs:

Recovery

Take-back solution tailored to your needs: purchase, consignment, or recycling

Refurbishment

Equipment are checked and refurbished in our workshop in France

Resale

A large catalog available online at www.rewake.fr

Have your equipment taken back!

With Rewake, save space and money by valorizing the equipment you no longer use !

1. Diagnosis

Send your list of equipment to be taken back, by email or directly on our site.

For each machine, please provide us with:

The model | The serial number | The purchase date |
The date of last maintenance | The operating condition

2. Take-back proposal

A member of our team will contact you to propose a suitable take-back method:

Purchase

We buy the equipment at a fair price and arrange for its removal

Consignment

We store your equipment and find a buyer in exchange for a 20% commission

A certificate including a calculation of avoided carbon emissions is provided to you once the recovery is completed.

3. Rewake handles the rest

Your equipment is then tested and refurbished in our workshop in Montreuil. You contribute to making innovation more sustainable and accessible.

Buy refurbished equipment !

Rewake offers you a wide range of equipment, furniture, and instrumentation for your laboratory. The products are **refurbished and guaranteed**. You **save on average 50%** compared to new!

1. Make your selection on [rewake.fr](https://www.rewake.fr)

Contact us or find a wide range of products directly on our website.
