Association

Jan Ebbing

Switzerland

Jan Ebbing, MD, is a Senior Physician at the Department of Urology at the University Hospital Basel, Switzerland, since August 2021 and is responsible for the operative robotic section (DaVinci), the BPH section and the certified uro-oncological tumor-center.

In 2020, he habilitated on the topic of "markers, tools and prognostic factors in urological oncology" and has since then been authorized to teach at the medical faculty of the University of Basel.

From 2016 - 2017 he was on a robotic surgery fellowship and research stay at Karolinska University Hospital Stockholm, Sweden.

He completed his urology residency at Charité University Medicine Berlin, Germany until August 2013, from which he then moved to the urology clinic in Basel, Switzerland.
