

BASHH Annual Conference 2022

Registration Rate Card

Introduction

The BASHH Annual Conference 2022 will take place from Monday 20 – Wednesday 22 June at Cutlers Hall, in Sheffield.

The conference is an invaluable forum for learning about the very latest science, sharing best-practice and networking with peers and opinion leaders. The conference is supported by a strong national and international faculty of speakers.

Doctors in Training Networking Reception

BASHH will be hosting a Networking Reception for GUM/sexual health/ID/contraception medical trainees, as well as other junior doctors (prospective GUM trainees), and medical students/undergraduates (STASHH) at the Cutlers' Hall from 17.00-19.00hrs on Sunday 19th June.

BASHH and non-BASHH member trainees are welcome to attend.

This is included in price of your full conference registration.

Welcome Reception

A welcome drinks reception will take place in the Old Banqueting Room at 18.00hrs on Monday 20th June 2022 and everyone is welcome to attend.

Undergraduate Students

There are 10 reduced rate **full registration** places and 5 reduced rate **daily registration** places (per day) available supported by BASHH for undergraduate students.

These will be available for student members doing an undergraduate degree and are available on a first come first served basis - once they have gone you will need to select the normal registration option.

Scholarships

There are Scholarships also available supported by ViiV. These will be offered to the highest scoring abstracts and all abstract submitters are eligible for the Scholarships, not just students. Recipients will be notified after the abstract results have been published.

Gala Dinner

A special 1920's themed gala dinner is planned on Tuesday 21st June to commemorate the centenary of the formation of the Medical Society for the Study of Venereal Diseases (MSSVD). Tickets - **£30.00 per person**
