Dear Exhibitor and Industry Partner,

On behalf of the executive committee and members we are delighted to announce that the Association for Continence Professionals (ACP) Annual Conference and Exhibition will be held on the 11th and 12th May 2026 at Edinburgh international Conference Centre.

We all look forward to welcoming you to ACP Conference 2026 and to celebrate with you all following last years successful event.

This conference will follow the theme of "45 years strong: Past, Present and Future" and is shaping up to be another educational and inspiring event.

Who will the delegates be?

The main educational programme is aimed at Bladder and Bowel Nurses, Pelvic Health Physiotherapists, Urology Nurse Practitioners, and Specialist Nurses as well as Doctors and Allied Healthcare Professionals working within, or interested in Continence Care.

ACP Conference 2025 was a huge success with all the benefits of a face-to-face event. We hope to see you in 2026 where you will have the opportunity to meet delegates in person over 2 days. Your valued attendance and contributions are greatly appreciated and in addition to enabling continued collaboration in providing high quality education and training to our delegates and members, allows them the opportunity to learn about the products and services you offer that may enhance their patient care.

WHY SHOULD YOU EXHIBIT?

ACP Conference is a well established 2-day event, which is taking place this year in Edinburgh. Following on from the success of last years event in Milton Keynes, we are expecting a high interest from delegates and exhibitors alike.

Much consideration goes into encouraging delegates to move easily and freely around all areas of the exhibition to gain access to all stands. Catering will be placed strategically to draw delegates to all areas of the exhibition hall. Attention is paid to the timing of sessions and breaks to maximise the opportunities for delegates to meet with industry representatives, to find out about your products and services and discuss ways of working together.

The event is expected to attract approximately 180 delegates (see delegate profile below) and the programme is being designed to maximise exhibition viewing time including:

- All refreshments and food will be served in the exhibition, with a morning break, lunch and afternoon break provisioned for each day.
- There will be a networking reception and exhibition viewing slot at the end of the day on the 11th along with presentations of the ACP Industry Innovation Award & Best Exhibition Stand.

The programme also allows for a number of sponsored symposium slots and has been designed to appeal across the multi disciplinary audience.

DELEGATE PROFILE

The programme will be of interest to

- Bladder and Bowel Nurses,
- Pelvic Health Physiotherapists,
- Urology Nurse Practitioners,
- Doctors, Specialist Nurses and Allied Healthcare Professionals working within, or interested in Continence Care.
