

Welcome to Surgeons Quarter

The Royal College of Surgeons of Edinburgh is an internationally respected institution, a thriving global network of 25,000 medical professional, pioneering in the advancement of surgical breakthrough and patient care since 1505. But today, our remit of care has expanded. We now offer cutting-edge hospitality, operating multiple venues in Edinburgh's iconic old town, in an area we call Surgeons Quarter. Visitors can now meet, celebrate and stay, all in one Edinburgh city centre location. So, while we continue to lead the way in surgical practice, we're now applying the same world-class standard of care in hospitality.

Surgeons Quarter is one central destination consisting of four venues. Each one shares its location and history with an unrivalled passion to deliver world-class service and style. We're an independent organisation, which allows us to offer a more flexible, personalised experience.

Beyond making your event as memorable and enjoyable as we can, there's a higher purpose to what we do. We believe that everyone should be entitled to the very best surgery available to them, that's why our profits go towards the advancement of surgery and the improvement of patient outcome worldwide. It's our way of honouring the progress we've made through the centuries, and ensuring further progress is made in the future. So, while we'll make your event a success, you'll feel better still, knowing you're helping make a difference to the lives of people who don't ordinarily have access to surgery.
