

FIS 2021

Federation of Infection Societies Conference

Friday 5 November | Manchester
Monday 8 - Tuesday 9 November | Online

The largest UK infection conference that brings together delegates involved in all aspects of infection from basic science, infection prevention, antimicrobial stewardship and clinical practice.

Programme & registration: <https://bit.ly/FIS-21>

5 November | Manchester

The face-to-face day of conference features the FIS plenary lectures, networking opportunities, oral papers and exhibition.
