MY MFL INCLUSIVE BLENDED TEACHING BEYOND THE PANDEMIC WILL INCLUDE:

1. Video-recording
for modelling sounds

2. Digital tools to
build positive
relationships

3. Low-prep
settling tasks

TO MAKE IT A RICH CURRICULUM FOR ALL...

VIDEO RECORDINGS: give students more control over the pace of the information (pause, rewind, re-watch)

To meet needs of diverse learners (differentiation)

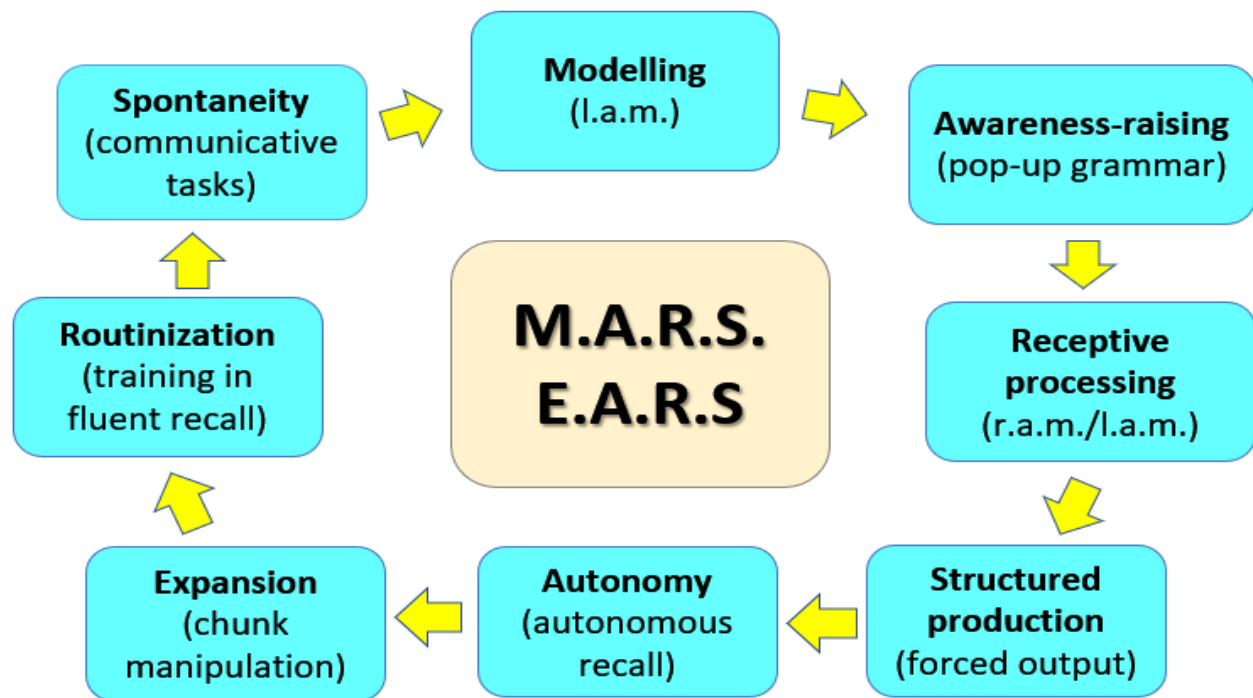

To give students and parents access to content after class

DIGITAL TOOLS TO BUILD POSITIVE RELATIONSHIPS: prompt ALL students to engage (anonymously), get students to work together and produce one final product that gets re-used, to give students a sense of success and achievement as a team fosters positive relationship

LOW PREP SETTLING TASKS: establish a routine in a chaotic climate, ease my workload, a good plan B when technology is not working (the way I want it to), to deal with Covid-19 cleaning protocol
