Date: 10 March 2027

Location: Plus Ultra, Utrecht

[Health~Holland Global Investor Forum](#) 2027 brings together investors, start-ups, entrepreneurs, and industry leaders in Life Sciences & Health for a day of pitching, networking, and investment opportunities.

As part of the programme, up to 30 promising start-ups in Biotech, MedTech, AI, and Digital Health will present their innovations to investors and other key stakeholders. From these pitches, 9 finalists will be selected to compete in the Start-up Pitch Finals during [Innovation for Health](#) on 11 March 2027.

The event offers a valuable platform for start-ups to gain visibility, connect with investors, and explore new growth opportunities. For investors, the Global Investor Forum is an opportunity to discover innovative companies, meet founders, and identify promising investment prospects.

Event highlights

- 20 to 30 start-up pitches in the field of Life Sciences, MedTech, E-health & AI
- Selection of 9 finalists for the Start-up Pitch Finals at Innovation for Health 2027
- Direct access to investors, entrepreneurs, and strategic partners in Life Sciences & Health
- One-on-one meetings between start-ups and investors to explore potential investments
- Access to a strong network of innovators and decision-makers in the sector
