FIGON-BPS Dutch Medicines Days

Date: 8 - 9 October 2025

Location: Corpus Congress Centre Leiden

The Dutch Medicines Days (DMD) is a premier event that brings together leaders in pharmaceutical sciences to exchange the latest scientific findings, share experiences, and foster collaborations. This year's edition focuses on New Frontiers in Drug Innovation, addressing the latest advancements and cutting-edge developments in the field.

In this edition, [FIGON](#) and the [British Pharmacological Society \(BPS\)](#) will work together to bring you an event that combines their expertise and passion for advancing science and improving healthcare.

The program will feature inspiring presentations and lectures focused on cutting-edge developments in drug innovation and healthcare applications. For more information and to register, visit: <https://hyphenprojects.nl/figon-dmd>
