Discover this year's company line-up at BCF Career Event

BCF Career is the largest Life Sciences career event in the Netherlands since 2005, offering an unparalleled opportunity to connect with thousands of highly skilled job seekers. With participants from Biology, Chemistry, Food, and Pharma, the event brings together pharma and biotech companies, CROs, research institutes, universities, recruitment agencies, and career coaching organisations - all eager to meet and recruit future talent.

Exhibiting at BCF Career Event gives companies the chance to boost their brand awareness, connect with highly qualified candidates, and fill their vacancies with top-tier talent.

"For us, it's not necessarily about an immediate return on investment, but rather a long-term commitment to visibility & engagement. We're always excited to hear from applicants – now colleagues – who tell us that BCF inspired them to apply"
