Figon-BPS **Dutch Medicines Days** 8-9 October 2025 | Leiden

New Frontiers in Drug Innovation

The Dutch Medicines Days is an exciting two-day conference dedicated to advancing the field of pharmaceutical sciences. Taking place on October 8-9, 2025, at the Corpus Congress Centre in Leiden, this event will bring together professionals from academia, industry, and policy to explore the latest developments in drug innovation and healthcare.

This year is all about pushing boundaries with the theme “New Frontiers in Drug Innovation.” Organized by FIGON in collaboration with the British Pharmacological Society (BPS), the event offers an exciting and diverse program, including:

- Plenary Lectures from leading experts in drug innovation and pharmacology
- Interactive Parallel Sessions exploring cutting-edge research and trends
- Poster Presentations showcasing innovative work from researchers
- PhD Student Competition showcasing emerging talent from Dutch & UK research institutes
- Networking Opportunities with professionals from across the drug development pipeline

This year’s event is especially significant as it coincides with Leiden University’s 450th anniversary, celebrating centuries of scientific discovery and innovation in the city.

Take advantage of this opportunity to connect, deepen your knowledge, and contribute to the advancement of pharmaceutical innovation.

Register before 1 May to take advantage of the early-bird fee!
