

## **Text for event calendars**

Date: 25 March 2026

Location: Accelerator, Utrecht

Join us on March 25, 2026 for the I4H Global Investor Forum, the must-attend event where exciting start-ups and growing companies get to connect with top investors, entrepreneurs, and industry leaders in Life Sciences, MedTech, E-health, and AI. This event provides a unique opportunity for networking, pitching, and discovering new investment prospects.

### **Why attend?**

The conference offers a unique platform where investors and innovative start-up founders can explore investment opportunities and strengthen their professional networks, laying the groundwork for future collaborations.

The Global Investor Forum provides a valuable platform for start-ups and scale-ups to present their innovations to leading investors and industry experts. For investors, it provides an opportunity to learn about new technologies and interact directly with start-up founders.

### **Event highlights**

- 20 to 30 start-up pitches in the field of Life Sciences, MedTech, E-health & AI
- Best start-up pitch award, with the opportunity to pitch at [I4H 2026](#)
- One-on-one meetings between start-ups and investors to explore potential investments
- Networking opportunities throughout the day at Innovation for Health 2026
