Date: 11 March 2027

Location: Jaarbeurs | Utrecht, The Netherlands

Join us on 11 March 2027 in Utrecht for the 14th edition of Innovation for Health. Under the theme "*Transforming Healthcare Together*", this leading Life Sciences & Health conference will explore how collaboration across disciplines and sectors can accelerate the development and implementation of innovative healthcare solutions.

Why attend?

Innovation for Health is a key meeting point for the international Life Sciences & Health community, bringing together more than 800 participants, 70+ speakers, and 50+ exhibitors. The event connects stakeholders from industry, academia, healthcare, government, patient organisations, start-ups, scale-ups, and the investment community.

Taking place at Jaarbeurs Utrecht, the conference serves as a platform where science meets business, innovation meets implementation, and new partnerships are formed. Attendees gain access to valuable insights, networking opportunities, and discussions on the latest developments shaping the future of healthcare.

Event highlights

- Inspiring keynote presentations and panel discussions from leading experts
- Insights into the latest trends and developments in Life Sciences & Health
- Interactive sessions designed to stimulate discussion and collaboration
- Extensive networking opportunities throughout the day
- One-to-one partnering meetings through partneringOne
