INVITATION TO SUPPORT TERMIS-AM 2025

Dear Industry Partners,

We are very excited to announce that the 2025 American Chapter Meeting of TERMIS will be held in Detroit, Michigan, at the Marriott Detroit Renaissance Centre, from November 9-12.

The TERMIS-AM Conference is the leading event for the dissemination of the latest research in tissue engineering and regenerative medicine, offering researchers, clinicians, and industry an ideal opportunity to present and discuss their most recent findings, developments, and challenges in the field.

This year the program of the conference will focus on “Next Generation Tools for Regenerative Medicine” and will once again feature a mix of internationally renowned plenary and keynote speakers spanning this interdisciplinary field, parallel scientific sessions, and poster presentations.

The program will also incorporate our TWIGs (Thematic Working Interest Groups), diverse pre-conference workshops, the Women in TERM Luncheon, a DEI Luncheon, and of course exciting networking events being organized by SYIS.

On behalf of the Organizing Committee, we cordially invite you to support the 2025 TERMIS American Chapter Meeting and look forward to your attendance and participation in Detroit.

Sincerely,

2025 TERMIS-AM Conference Co-Chairs

ABOUT TERMIS

TERMIS brings together the international community of persons engaged or interested in the field of tissue engineering and regenerative medicine and promotes education and research within the field of tissue engineering and regenerative medicine through regular meetings, publications and other forms of communication. The Society also serves as an international forum to promote the informed discussion of challenges and therapeutic benefits of the application of tissue engineering and regenerative medicine technologies.

Most importantly, the Society is committed to bringing you closer to key professionals to support your mutual understanding of the field, accelerate your research in the field and to enable you to contribute to the ultimate care of patients in this very important way. To affect this interchange of information, the Society has endorsed the journal, Tissue Engineering, as its official publication and has negotiated a reduced subscription rate for members of the TERMIS. In addition, TERMIS publishes a quarterly newsletter for its members to keep them abreast of developments in the field. The TERMIS World Congress Meeting is held every three years. In the interim years the Continental Chapters host annual meetings to promote tissue engineering and regenerative medicine research regionally.

TERMIS has three regional chapters:

- Americas
- Asia Pacific
- Europe

For more information about TERMIS and its chapters, please visit: www.termis.org

SPONSORSHIP OPPORTUNITIES

TERMIS values its supporters and looks forward to working with them to solidify your organization's support and participation at the Americas Chapter. To ensure maximum interaction between the industry and the participants, the Welcome Reception, breaks and lunches will all be held within the main exhibition area. Exhibition spaces are limited and will be allocated on a sponsorship level basis and within each level, a "first come, first served" basis.

Suggest an Idea!

We strongly encourage potential sponsors to suggest their own ideas and/or packages for supporting TERMIS AM 2025. We are very open to additional sponsorship opportunities and would be happy to discuss additional tailored packages for sponsors with requirements.

Please contact us for further information!
