WELCOME MESSAGE

Dear Colleagues,
It has been more than 30 years since the World Institute of Pain has been established in 1993. During these more than 3 decades, WIP has organized 12 World Congresses, established 27 sections from all over the world, with the Pain Practice Journal since 2001. Board of Examination established in 2001 and since 2001, a total of 1,274 physicians have been certified FIPP representing 64 countries, since 2010, a total of 193 physicians have been certified CIPS representing 31 countries. WIP has 24 Centers of Excellence/EPP in 12 countries.

WIP organizes SWEs' (Symposium, Workshop, Examination) in;

- Budapest, Hungary since 1996,
- Miami, Orlando, Florida, USA since 2012,
- Istanbul, Turkey, since 2018 and
- Taipei, Taiwan, since 2019.

The mission of WIP is to educate and train our colleagues by including local hands-on training, international seminars and exchange of clinicians all over the world.

Turkish Registered Section of World Institute of Pain established in June 2018 has organized 8 international and 6 national meetings since then.

Between 28-30 October 2023, on the 100th Anniversary of the Declaration of the Turkish Republic as well as the 30th anniversary of the establishment of WIP, 12th World Congress of WIP was organized in Antalya with more than 700 participants from 58 countries for the Congress, as well as the 6th Symposium and Cadaver Workshop with a total number of 80 FIPP/CIPS Participants and 91 examinees for FIPP-CIPS examination.

Between 17-20 October 2024, 7th Interventional Pain Istanbul Congress and Cadaver Workshop was organized in İstanbul, Turkey with 215 participants from 30 countries and the FIPP/CIPS examination was held with 95 examinees, with the highest number of all times in WIP history. İstanbul has now the seal in WIP history for today and future.

It is again a great pleasure and honor for us to welcome you all to the 8th Interventional Pain Istanbul, Pain Congress and Cadaver Workshop endorsed by World Institute of Pain and organized by WIP Turkish Registered Section in İstanbul, Turkey to be held between 16-19 October 2025.

This year we will have three days of lectures and cadaver workshops, followed by the FIPP-CIPS examination which will be held by the Board of Examination of the World Institute of Pain on the 19th of October 2025.

The cadaver workshop will include all essential and important interventional procedures for chronic pain. Our main goal is to present the scopes of pain medicine and Algology on an interventional level.

The scientific program committee established on a multidisciplinary multinational level, formed of well-known colleagues who gave their whole lives to Pain Medicine will give you the real taste of pain medicine, Algology.

We are looking forward to welcoming you in the 8th Interventional Pain İstanbul to be held between 16-19 October 2025 in İstanbul, Turkey

On behalf of the Organizing Committee

GENERAL INFORMATION

ABOUT ISTANBUL

Istanbul, a fascinating city built on two Continents, divided by the Bosphorus Strait. This is one of the greatest cities in the world where you can see a modern western city combined with a traditional eastern city, it's a melting pot of many civilizations and different people. Istanbul was also announced by the European Union as the 2010 European Capital of Culture.

From the foundation of Byzantium in the 7th century BC until today, Istanbul held always an important role in the history of humanity in this part of the world. Everybody wanted to gain control of this area because of its strategic location; Empires were born here on the ashes of previous ones.

Since the Republic in 1923, Istanbul continued to grow and today it boosted its population over 17 million people living in this spread out city. This makes Istanbul the largest city of Turkey and one of the biggest cities in the world.

ABOUT WIP

MISSION STATEMENT

WIP's mission is to bring together the most recognized experts in the field of pain medicine throughout the world for the advancement and standardization of interventional pain practice and the achievement of improved standards of care for pain patients.

WIP fulfills its mission through sponsorship and endorsement of educational and training programs for pain physicians. These programs are aimed at facilitating the development of practice guidelines and standards of examining and assessing competency in physicians who specialize in interventional pain practice.

The World Institute of Pain was founded in 1993 as a worldwide organization that aims to promote the best practice of pain medicine for the 21st century. The majority of acute, chronic, and cancer patients are inadequately represented in the world. The population of chronic pain and cancer pain patients is expected to double by the year 2030, and the older population is expected to live longer. Specialized and focused care of pain patients is essential if adequate and continued care is to provide comfort and functional improvement in their daily living. Pain medicine specialists can provide this care.

Through educational initiatives, including WIP World Congresses, regional symposia, and practical workshops on interventional pain practice, WIP helps promote consensus building among experts on the effectiveness of existing techniques and avenues for advancement of therapeutic performances.

GOALS

- To educate and train personnel of member pain centers by including local hands-on training, international seminars, and exchange of clinicians. Update pain centers with state-of-the-art pain information, including a newsletter, scientific seminars, interlined telecommunications, and publication of a journal and books.
- Develop common protocols for efficacy and outcome studies.
- Communicate administrative and patient-related matters on a regular basis by way of newsletter, telephone hook-up, world directory of pain centers by region, and video conferencing (including patient consultation).
- Categorize and credential pain centers by mail correspondence, local information, and the industry's medical representatives.
- Develop examination process for pain centers in testing trainees, and provide know-how in the examination process.
- Encourage interested industries to provide information on pain medicine in each region of the world; to bring together local pain physicians and industry for education in new technology and training; and to formulate a fellowship-training program.

ABOUT WIP TURKISH REGISTERED SECTION

WIP REGISTERED TURKISH SECTION (AFFILIATED TO WIP)

World Institute of Pain has 30 Sections from all over the world. The World Institute of Pain® (WIP) in 2007 established an international framework of WIP Sections that encourages the promotion and development of WIP's membership network, WIP-endorsed activities, and liaisons with individuals or groups with similar interests in fields related to best practice of pain management.

Through these International Sections and other international networks of pain physicians, WIP can more fully realize and enhance the exchange of scientific and clinical management practices in a manner that encourages international goodwill, as well as social and cultural impact. WIP encourages the establishment of regional sections when such sections would promote the objectives of WIP.

WIP recognizes the value of formal liaisons with other scientific and professional organizations whose purposes are consistent with the mission and aims of WIP.

On January 14, 2017, the Executive Board of the World Institute of Pain® (WIP) agreed to support requests by official Sections of WIP to register their Sections in their countries when doing so would better empower FIPP® (Fellow of Interventional Pain Practice®) Members of WIP to organize educational activities in accordance with the non-profit mission and aims of WIP.

On June 26, 2018, the WIP Affiliated Registered Section of Turkey was approved by the Turkish Ministry of Interior to improve the organization of WIP activities as well as to promote FIPP® not only within the country but also in the broader region, bringing together our colleagues from the Middle East, Mediterranean, Middle Asia, and Caucasus.

On the October 21, 2022, the General Assembly of the WIP Turkish Registered Section was held and the following Officers were elected;

- Serdar Erdine, MD, FIPP, Chair
- Ibrahim Asik, MD, FIPP, Co-Chair
- Gözde Dağistan, MD, FIPP
- Mert Akbas, MD, FIPP
- Derya Güner, MD, FIPP
