

## Thank you for registering for DrupalCon. Have you [joined the Drupal Association](#)?

When you become a member of the Drupal Association, you support our mission to unite a global open source community to build and promote Drupal.

*The history of Drupal has been one of overcoming a lot of milestones. The fact that we had to come together as a community to chip in money when the server melted down is really what created camaraderie, the sense of community. Learning to overcome these obstacles is what makes us stronger. It's how the Drupal Association got started.*

—Dries Buytaert ([@dries](#)) Drupal Founder, Co-Founder and Board Member of Drupal Association. (State of Drupal, May 2015)

Through membership, you help fund [grants](https://www.drupal.org/association/community-cultivation-grants) to cultivate local communities all around the World. Your contribution helps our team to maintain the infrastructure of Drupal.org and its sub-sites: the home of the Drupal project. The Association covers test bots and provides the tools that the community uses to develop Drupal.

**The Drupal Association relies on the strength of our community. Over 112,000 active users exist on Drupal.org, yet under 3,000 of them are Drupal Association members. Let's grow stronger together. Join us!**

### Membership gives you...

- Listing in the [membership directory](#)
- [Discounts](#) on books, services, and Drupal-related products from our supporters
- A [badge](#) for your website to proudly display your support for Drupal
- Plus a badge for your Drupal.org profile.

**Every member helps strengthen the foundation of Drupal. Learn more and sign up at [drupal.org/join](https://drupal.org/join).**
