

# THE 3rd EO COMMERCIALISATION FORUM

12–14 May 2026 | Seville, Spain

## THANK YOU FOR YOUR INTEREST IN THE 3RD EO COMMERCIALISATION FORUM

The **ESA EO Commercialisation Forum (ESA CommEO)** is a key meeting point for the entire Earth Observation ecosystem. The Forum brings together start-ups, established businesses, policy makers, investors, and institutional actors to exchange insights, explore market opportunities, and address the challenges shaping the future commercial landscape of EO data and services.

The 3rd CommEO offers a **wide range of sponsorship and exhibition opportunities** designed to elevate your brand visibility, highlight your company's offerings, and strengthen your presence within the EO commercialisation community – both during the event and beyond.

## WHAT TO EXPECT

The 3rd EO Commercialisation Forum will take place in **Seville, Spain, from 12 to 14 May 2026**, bringing together the global Earth Observation ecosystem for three days of insight, innovation, and high-level networking. The Forum will feature an engaging programme including keynote speeches, panel discussions, demo corners, exhibitor booths, and curated matchmaking opportunities designed to foster new partnerships and boost commercial growth within the EO sector.

A dedicated exhibition area – open throughout the event – will provide a unique platform for organisations to showcase cutting-edge EO solutions, products, and services to an international audience of industry leaders, investors, and decision-makers. Find out more through [ESA - EO Commercialisation Forum](#).

Gain visibility among key national and international decision makers shaping the future of Earth Observation commercial markets. By joining **CommEO 2026**, you will be part of the dialogue across the entire EO value chain - from businesses and end users to policies, financing, and technology. Meet institutions, industry leaders, start-ups, investors, and entrepreneurs, and connect with potential partners while staying ahead of key market trends and challenges.

## EVENT TOPICS

- Commercial opportunities and challenges across the entire Earth Observation value chain
- EO contributions to climate-related initiatives and their role in addressing global challenges
- Market trends, key drivers and barriers shaping the fast-growing EO commercial sector
- Governmental policies, regulatory frameworks and public-sector strategies influencing EO commercialisation
- Funding schemes, investment dynamics and financial aspects relevant to EO businesses
- Industrial and technical perspectives on EO infrastructures, services and applications
- Strategies for enabling EO-based solutions that deliver value to end users and real-world societal needs
- Approaches to strengthening collaboration between institutions, businesses, start-ups and investors

## EVENT AUDIENCE

- End users from across the Earth Observation value chain
- Institutions and governmental bodies involved in EO and climate-related initiatives
- Entrepreneurs and companies of any size active in the EO commercial sector
- Private and public investors interested in EO market opportunities
- Technical and industrial experts working on EO infrastructures, services and applications
- Senior executives and business developers exploring EO commercialisation strategies
- Researchers, analysts and members of the wider EO community

## BY SPONSORING OR EXHIBITING AT COMMEO 2026 YOU WILL:

### Increase brand visibility

Position your organisation at a key event dedicated to the commercial potential of Earth Observation, engaging directly with decision-makers across the EO value chain.

### Strengthen relationships

Connect with end users, institutions, entrepreneurs, investors and companies of all sizes, all gathered in one place to explore opportunities in the evolving EO commercial market.

### Generate qualified leads

Meet representatives from your target community - including industry leaders, start-ups and public entities - giving you direct access to stakeholders shaping the future of EO commercialisation.

### Position your brand in the EO commercial ecosystem

Building on the success of the previous edition, which brought together around 350 participants, CommEO continues to unite key actors from industry, government and the wider EO community, offering a focused platform to showcase your solutions and expertise.

## SPONSORSHIP OPPORTUNITIES

To align with your strategic objectives, we offer a range of standard sponsorship categories designed to maximise visibility and engagement. Alternatively, we would be pleased to discuss a tailored sponsorship package to best meet your needs. Please contact [Sharon.Gallo@ext.esa.int](mailto:Sharon.Gallo@ext.esa.int) to discuss about a personalised sponsorship package.
