

Presenter Name: S. Andrew Sanborn

Organisation: Kerlan Joke / University of Power

Presentation Title: Preoperative Administration of tranexamic Acid (TXA):
Is it Safe?

I hereby grant the International – The Hip Preservation Society (ISHA) and its agents a non-exclusive, irrevocable, royalty-free, worldwide license to publish Cape Town, South Africa (ISHA 2023) and via the ISHA Education Content Library; to combine the recording with the abstract file or video file (PowerPoint or PDF slides plus associated video, if any) that will be used in the oral presentation; and to publish and disseminate the audio, video, and presentation files and derivative combinations thereof on the Internet, on removable media, and through any other delivery channel and in any form, including translations into any and all languages and presentation forms now in use or developed after the date of this agreement.

I acknowledge that this license shall be considered in effect if and when the here-submitted abstract or video is accepted for presentation at ISHA 2023, and I agree that this license includes a nonexclusive, royalty-free, worldwide license to broadcast, record, publish, and disseminate the abstract or video file if such license is not being granted to ISHA in a separate agreement accompanying this submission of the presentation, abstract summary or video.

I certify that I am the lead author, corresponding author, and/or presenter of the abstract or video associated with the podium presentation, ePoster presentation or video presentation. I further certify that I am fully authorized by all authors and the presenter(s) of the abstract or video and any and all other holders of rights in the abstract, summary or video and associated presentation (including employers in the case of Work Made for Hire) to extend licenses and make warrants conveyed in this agreement, and that my agreement to the terms of this agreement constitutes their agreement as well as my own to these terms.

I all of my co-authors (if any), and the presenter(s) individually and collectively further certify that the presenter(s) shall make no statements or other expressions in the podium, ePoster or video presentation of the abstract or video that infringe on copyright or any other rights of any party.

In the event the abstract or video incorporates proprietary and/or copyrighted material of others, I certify on behalf of myself, all other co-authors (if any), and the presenter(s) that authors and presenters shall secure all required permissions or releases in advance of the publication and provide all necessary and required attribution within the abstract or video presentation. I assert on behalf of myself, all of my co-authors (if any), and all presenters that I (we) expect no compensation from ISHA or its agents related to any broadcast, recording, publication, or dissemination of the abstract, summary, video, podium or ePoster presentation and shall receive none.
