ABOUT THE SOCIETIES

ISHA - THE HIP PRESERVATION SOCIETY

The International Society for Hip Preservation (ISHA) is a global community of surgeons, researchers and health professionals dedicated to advancing the science, education and practice of hip preservation and minimally invasive surgery.

Isha promotes collaborative research, evidence-based practice and the highest standards of patient care worldwide.

TURKISH SOCIETY OF PREVENTATIVE HIP SURGERY

The Turkish Society of Preventive Hip Surgery aims to improve hip health by promoting early diagnosis, evidence-based treatment and preventive strategies.

The Society fosters education, research and collaboration to reduce the burden of hip disorders and enhance patient outcomes across all stages of life.
