The Copyright Licensing Agreement: In consideration of acceptance of the abstract or video by ISHA - The Hip Preservation Society (ISHA), the submitting author grants ISHA a nonexclusive, perpetual, worldwide license for ISHA Annual Scientific Meeting 2023 abstracts, videos and/or other compilations or collective works to be assembled and owned by ISHA (together, "Collective Works") in any form or medium now existing or hereafter created throughout the world. The submitting author understands and agrees that ISHA shall own all rights, including copyright, in and to the Collective Works, including the right to:

Distribute, reproduce, license, display, perform, lend, lease, or transfer rights to the Collective Works to third parties, prepare derivative works of the Collective Works, and register the Collective Works in ISHA's own name.

It is understood that the submitting author and/or third parties with copyrights shall retain copyright in and to the abstract or video contributed by the submitting author to a Collective Work. The submitting author affirms that he/she is the author and owner of the abstract and holds all copyrights in and to the abstract, or has secured any third-party permissions necessary to grant ISHA the above rights. The submitting author is responsible for providing any related third party with a copy of this grant of rights.

Publication of Abstracts: Abstracts selected for presentation and publication will be available on the ISHA 2023 website in late September and via the conference app. At this time, your abstract and all information will become a matter of public record and may be referenced by ISHA, media relations staff, and others.
