Webcasting / Session Capture - US 15,000

It is unrealistic with the many time and resource demands on busy healthcare professionals that they are physically able to attend all scientific meetings. Often delegates experience scheduling conflicts with concurrent sessions they wish to attend or wish to return to and revisit the programme content at a future date.

ISHA launched its online learning platform in 2019 as a benefit to members as part of the Society's objective to share knowledge and learning opportunities beyond the dates of the Annual Scientific Meeting. As part of its goal to make education more accessible, in 2023 ISHA launched its open access on demand channel on VuMedi, which is now achieving over 5,000 monthly page views. It is our intention to video capture all ISHA 2025 official scientific programme sessions and make this content, along with presentations, ePosters and videos, accessible on demand via our VuMedi channel and the ISHA website post ISHA 2025.

- Support will be recognised on the ISHA 2025 Channel within VuMedi and on the ISHA website education section, with "Supported by . . ." and the company logo only, with a hyperlink to your website

As an integral part of the scientific programme, we plan to include re-live surgery technique sessions. This is a CME Session.

- Ability to select session moderator and faculty in discussion with the Scientific Programme Chair

Fukuoka Airport is easily accessible via subway, busses, taxis and rental cars. A taxi journey from Fukuoka Airport to the Fukuoka International Convention Center typically takes around 5 - 10 minutes. It's a quick and convenient option if you're looking to get there swiftly.

Fukuoka Airport handles a significant number of international flights each week. On average, there are around 200 international flights arriving at Fukuoka Airport weekly. This includes flights from various destinations across Asia, as well as some from other continents.

ISHA 2025 Accommodation

Fukuoka offers a wide range of hotels for attendees coming to ISHA 2025, from 3, 4 and 5* hotels, to apartments and other self-catering lets.

ISHA have reserved rooms with preferential rates in small number of hotels close to Hakata Station, however these are limited and will be offered on a first come basis.

Getting Around Fukuoka

Getting around Fukuoka is quite convenient thanks to its efficient public transport system, which includes the subway and buses. Taxis are readily available, but during busy periods (07.00 - 09.00 and 17.00 - 19.00) it may be beneficial to pre order to prevent any delays. Taxis can also be ordered via Uber in Fukuoka.

While many signs are in English, having your destination written in Japanese can be helpful when using taxis or asking for directions.
