Dear Professor Emma,

Having been an ESPN councilor for the last three years I would like to reapply for this position for another term.

It has been a very rewarding experience to serve the society and see ESPN grow during these years. I truly enjoyed the close co-operation with the other council members and the OIC office in Florence.

I have been involved in particular in the communications domain where we modernized the ESPN website. We introduced the bi-weekly ESPN bulletin mailings and are increasing the society's reach-out on social media and via the Newsletters. I am in the final phase of launching the ESPN quiz which will be a stimulating new item activating our members.

There still is a lot of work to be done and I believe it might be useful to stay in the council some more time for the sake of continuity.

Yours sincerely

Arend Bokenkamp, MD PhD
Pediatric Nephrologist
