About the Meeting:

300 are expected to attend this 3-day meeting that will include sessions on the physiology, structure and pathology of alpha-synuclein as well as the development of therapeutics and biomarkers for alpha-synucleinopathies, and provide a perfect opportunity to discuss the latest developments in the field from fundamental discoveries to translational studies.

A Welcome Reception will be held at the University Museum of Zoology and Gala Dinner in the iconic and historic setting of King's College.

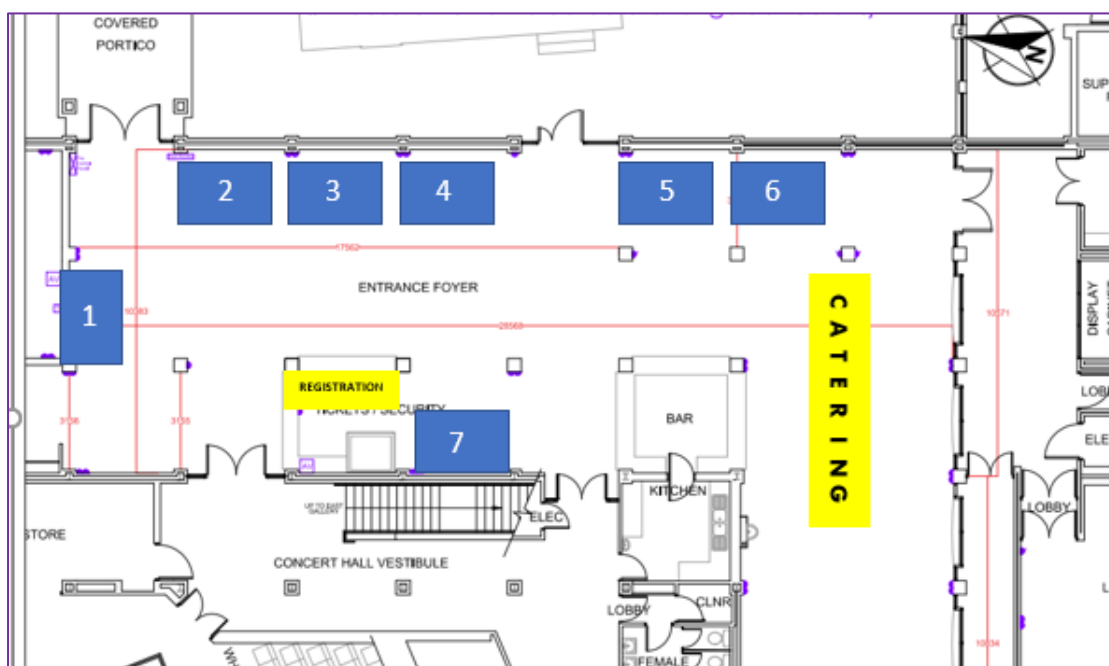

Main Meeting Venue:

West Road Concert Hall, 11 West Rd, Cambridge CB3 9DP

The venue is part of the Faculty of Music at The University of Cambridge and is the largest conference facility within the University of Cambridge in the centre of one of the most historic and beautiful of England's cities.

The Concert Hall will seat up to 500 and is complemented by a large, bright Foyer (340 sq. m) which will accommodate the main registration desk, all delegate catering and up to 10 exhibition spaces. (7 are shown in the plan below but there is room for more if some are smaller)
