

INTS 2024 Spine Day
Sunday 1st September
Main Auditorium, Robinson College Cambridge

08:00-09:00	Registration	
09:00-13:00	Innovations and new technologies in spinal surgery and management	
	09:00-09:15	Magic Leap - 2 Stacey Darwish - Ireland
	09:15-09:30	Marburg single center experience on robotic guided pedicle screw implantation and update on robotics in spine surgery Mirza Pojskic - Germany
	09:30-09:45	Microscope based augmented reality in spine surgery Mirza Pojskic - Germany
	09:45-10:00	Simulation in training and assessment Federico Nicolosi - Italy
	10:00-10:15	3D ultrasound and Fetoscopy Benjamin Sass - Germany
	10:15-10:30	Wearable technology and patient tracking Corinna Zygourakis - US
	10:30-10:45	Spine Radiosurgery – the 21st century game changer Lilyana Angelov, US
10:45-11:00	Coffee break – company presentation	
	11:00-11:15	Endoscopy – Current status of full endoscopic TLIF Harrison Kim – S. Korea
	11:15-11:30	Endoscopy – Current status of the full endoscopic posterior cervical approach for degenerative disease Harrison Kim – S. Korea
	11:30-11:45	Endoscopic options for lumbar disk herniations Sait Naderi - Turkey
	11:45-12:00	Exoscope assisted surgery in cranio-cervical junction Iype Cherian - India
	12:00-12:15	Innovations in Sacral fractures Saoud Abdelfatah - Egypt

	12:15-12:30	Innovations in spine care Salman Sharif - Pakistan
12:30-13:15	Lunch – company presentation – robotic spinal surgery vs no robotic spinal surgery - duello	
13:15-14:45	Consensus management in spinal pathology	
	13:15-13:30	Spinal cord injury guidelines Michael Fehlings - Canada
	13:30-13:45	Consensus in acute back pain management Nikolay Peev - UK
	13:45-14:00	Consensus in primary spine tumous Care Salman Sharif - Pakistan
	14:00-14:15	Management of cervical spine Rully Hanafi Dahlian - Indonesia
	14:15-14:30	MISS costotransversectomy for disk herniations Vassilis Lykomytros - Greece
	14:30 – 14:45	MISS Osteotomies for alignment corrections Yoannis Polythodorakis - Greece
14:45- 15:15	Coffee break	
15:15 – 17:15	Guest presentations	
	15:15 – 15:45	Current management of spondylotic myelopathy Michael Fehlings - Canada
	15:45 – 16:15	Cervical spondylotic myelopathy: My journey Ed Benzel US
	16:15 – 16:30	Patient Specific Lumbar interbody Fusion Muhammad M. Abd-El-Barr, US
	16:30 – 16:45	Cervical Surgical Score: proposal of new score to define the surgical management of cervical myelopathy Francesco Costa - Italy
	16:45-17:00	Surgical treatment of spinal deformity secondary to neurological disease (camptocormia) Antonino Russo, UK
