<sup>3</sup> – [m.a.vandenhoven@amsterdamumc.nl](mailto:m.a.vandenhoven@amsterdamumc.nl)  
<sup>4</sup> Full Professor at the Philosophy Department VU Amsterdam & Chair of the Center for Research Integrity & Open Science (RIOS), VU Amsterdam – [e.j.de.ridder@vu.nl](mailto:e.j.de.ridder@vu.nl)  
 Full Professor at the Ethics, Law and Medical Humanities (Amsterdam UMC), Chair of the Netherlands Research Integrity Network (NRIN) & Center for Research Integrity & Open Science (RIOS), VU Amsterdam

### Why RIOS?

- Many research integrity and open science initiatives at the VU and Amsterdam UMC, but no central structure to optimize collaboration
- Parallel movements in open science, research integrity, research ethics, research culture – more interlinking needed
- More bridging between research and policy at the VU and Amsterdam UMC needed to ensure practices are evidence-based
- Involvement of all faculties in Amsterdam desirable for the visibility of the VU and Amsterdam UMC as playing a leading role in research integrity and open science

### Mission

To strengthen the position of the VU and Amsterdam UMC regarding research integrity and open science. This can be broken down into 4 pillars:

**1. Research**

Support, interlink and make visible a thriving research community

**2. Teaching**

Support and contribute to the provision of education & training

**3. Service & outreach**

Contribute to strengthening practices and policies at the VU and Amsterdam UMC

**4. Connect**

Create interdisciplinary and multi-stakeholder communities of practice

### Governance – core team
