## Mobile X-Ray Redefined

---

The Rover Plus by Micro-X represents a step change in mobile x-ray design. Advanced technology brings all the features you would expect, in a sleek and manoeuvrable system that's a real break from the norm.

Tube for Life - A 10 year tube warranty is included as standard, enabled by the next generation cold cathode technology.

Featherlight, Motor Free Drive - No noise, no motor faults, light enough to push along one-handed.

Advanced Battery Tech - Up to 7 hours continuous use and just 90 minutes to fully recharge.

Ready to 'shrink' your mobile fleet? Speak with our product sales specialists to organise a demo or meeting.
