

Positions for Psychiatric Doctors in the UK

Work in the UK for one year – no need to relocate!

At NES Healthcare, we offer positions with a week on, week off working rotation – so you can fly in and out each week and do not have to relocate to the UK.

Job title:	Psychiatric Resident Medical Officer (SHO equivalent)
Location:	Various UK based private hospitals
Salary:	From £43,152 per annum
Rotation:	most commonly one week on duty, one week off
Benefits:	Meals & Accommodation provided free of charge when on duty

Person specification:

- Minimum of 2 years post-graduation experience.
- To include at least 12 months dedicated exposure with psychiatric in-patients
- Full GMC Registration with a Licence to Practice (we can assist with this if required)
- Will be required to hold a valid ALS and EPALS certification (this can be provided at our in-house Training Centre)

Key Duties and Responsibilities:

- To provide care to the patients within the working environment at the hospital to which the RMO is assigned by NES Healthcare on a 24 hour basis throughout the period of duty.
- To assess patients on admission, according to the hospital admission protocol and to liaise with the Consultants and the nursing team on the clinical, mental and physical health needs of the patient being admitted.
- To plan and arrange the necessary blood and other tests.
- To participate in ward rounds and clinical review meetings as requested.
