

Let's get Together on our Waters.

Our Big Weekend will bring together people from across sailing and boating to get Together on our Waters. There is something for everyone and activities for the whole family (so no need to book separate childcare!). It is a celebration of our communities and of Plas Menai's 40th birthday.

We've laid on a host of different on and off the water activities to bring groups together and to help you stretch or refresh your skills. Need a pre-entry assessment? Want to try match racing on keelboats? Looking to try out Winging or develop your SUP skills? Need a revalidation of your DI or SI? The Big weekend will cover all this and more.

Book now and join us at Plas Menai to get out on The Strait.
