Welcome

Innovate, Transform and Accelerate Your Digital Journey

The Financial Services Industry is in an era of rapid change. It faces increased competition, continued economic uncertainty, tighter regulatory compliance and an unending pressure from customers to deliver world-class customer experiences. Innovation is no longer just about setting yourself apart from the competition: it is an absolute necessity for long-term survival.

Are you ready to embrace new opportunities? Do you have the technology to underpin them?

Our event places you at the centre of your personal digital journey. SAP and SAP Pioneer customers will share their advice, expertise and learnings to give you the tools necessary to innovate, accelerate and transform your business.

Whether you are completely new to the world of SAP and SAP Pioneer or you're a current customer looking to maximize your existing IT landscape, you'll find the support you are looking for.

Join the conversation. Be inspired. Connect with peers. Transform your business. We can't wait to see you in Frankfurt!

Pre-Conference Day

Tuesday 11 July, 2023

Designed for individuals seeking a deeper understanding of specific SAP solutions, our [Pre-Conference Day](#) targets key areas focused on your personal SAP journey. If you are new to the world of SAP, planning for a new project, or looking to maximize your existing IT landscape and get the most out of the infrastructure you already have, the Pre-Conference Day is perfect for you and your team.

To ensure you can fully maximize this learning experience and have enough time with our SAP experts, participants will register for a full day of content. The fee to attend the Pre-Conference Day is € 800 + VAT.

What you can expect:

08:30 – 09:00: Welcome Refreshments and Briefing

Start your day by meeting other attendees and presenters over morning refreshments. Our events team will brief you on how to make the most of the day by guiding you through the format and available sessions.

09:00 – 12:30: Deep Dive Workshops

Attendees are required to pre-book one of our four parallel deep dive workshops. Focusing on core SAP pillars, you will have the opportunity to hear detailed insights directly from SAP including the latest updates on solution releases, implementation tips and tricks and best practice guidance:

- Workshop 1: Finance Transformation: A New Horizon for Finance **(Limited availability)**
- Workshop 2: SAP Business Technology Platform - Unleash Your Business Data!
- Workshop 3: Business Transformation for the Financial Services Industry with SAP Signavio - a Must Have Differentiator on the Market!
- Workshop 4: Industry Cloud for Banking - Your Source for Success and Innovation

12:30 – 13:30: Social Lunch

13:30 – 17:00: Open Door Sessions (Two Rounds)

Following lunch, we will have two rounds of interactive sessions focusing on industry hot topics. With an open-door policy, attendees don't need to worry about pre-booking a specific topic, you'll have the option to pick-and-choose the sessions you would like to attend on the day.

13:30 – 15:00 – Round One

- GROW with SAP
- How to Embed Sustainability/ESG into your Business DNA and Automate the Coming Disclosure Requirements
- Intelligent Spend Management and Industry Business Networks
- Introduction to SAP Datasphere - Gaining a Unified Data and Analytics Experience Across a Hybrid Landscape

15:30 – 17:00 – Round Two

- SAP Profitability and Performance Management – Overview and Update
- Ensuring Frictionless Processes via a True End-to-End Treasury and Financial Asset Management Solution
- Next Generation Human Experience Management for the Financial Services Industry
- Latest Features and Enhancements of SAP Analytics Cloud

17:00 – 18:30: Evening Drinks Reception

Sponsored by Infosys, we invite delegates to kick-off the main conference by joining us for welcome drinks on the evening of Tuesday 11 July. Whether you are looking to relax after participating in the Pre-Conference Workshop Day, or following a day of travelling into Frankfurt, this is your opportunity to unwind and connect with other attendees.

2023 Keynote Speakers

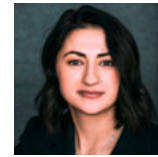

Our keynote presentations will address some of the biggest challenges currently facing the financial services industry. We'll be exploring the positive impact of digital transformation on financial services, discussing the transformative role of cloud solutions, cementing the role that sustainability will play in empowering your digital journey, and much more.

About EY: Transformation Realized with SAP Solutions

The EY and SAP alliance generates long-term value, helping organizations reframe their futures and create businesses designed for what's next: innovative, industry-focused, cloud-based, sustainable.

We believe now, more than ever, is an opportunity for organizations to collaborate with EY and SAP to reframe the future through a fresh lens of industry-focused value drivers. Our bold vision is accelerating positive change, from fast tracking the adoption of intelligent technology and new ways of working, to pivoting quickly to evolve with changing consumer expectations, while creating more engaging experiences for employees. The changed business landscape inspires reinvention and at EY, we see enterprise transformation as ever more critical to creating sustained value.

The journey to a cloud-led architecture allows our clients to achieve their sustainability targets and long-term value, faster. As we drive powerful changes, organizations look to create and shape a new future; to deliver measurable business impact, unlock hidden potential and realize new opportunities together, to help build an even better working world than before.

About kildeQ AG

kildeQ AG is located in Zurich as well as in Bielefeld. Our team consists of long-standing experts in the fields of financial services and cloud Platforms. We are constantly striving to modernize cloud software services for Trade Finance and to make it future-oriented.

Despite the fact that our company has only been in existence since 2019, we have achieved many successes, such as the partnership with SAP, the world's market leader for business software. Moreover, we developed the most innovative platform in the trade finance industry, LiquidityHub. This enables trade finance processes such as supply chain finance or full-service, in-house or reverse factoring and other products to be provided internationally on a cloud platform. With the "banking-as-a-microservice" approach, banks and financial service providers can use various trade finance products and adapt them to the market situation.

About bancon

bancon is an independent Financial Services system integrator specializing in SAP & SAP Pioneer technology and is a certified SAP Gold Partner and SAP Pioneer Build and Service Partner.

We transform a wide range of industry focused challenges through solution architecture, product development, implementation, S4HANA adoption and data management. As the co-developers of many SAP Pioneer standard solutions, they are perfectly suited to support you with your upcoming or in-flight transformation projects, be it shaping a compelling and realistic roadmap, transforming your data landscape or designing innovative industry solutions.

bancon have been continuously co-innovating the SAP and SAP Pioneer Financial Services suite in a variety of ways since its foundational release. With their global delivery capability and deep knowledge of the technology and financial services industry, they've helped these products become standard SAP and SAP Pioneer solutions, used and trusted by millions worldwide.

SENACOR

About Senacor

Senacor specializes in the transformation of grown IT landscapes in the finance and insurance industry. More and more other sectors are benefiting from this know-how, such as transport and logistics, the energy industry, the public sector, and above all the automotive industry, which accounts for almost a fifth of sales. Tech is the focus of Senacor, whose employees pay particular attention to the disruptive effect of digitalization and the resulting new value-creation models. Based in Eschborn, the company has its sights firmly set on 1000 employees, roughly half of whom work in software development alone. Value creation through software and integration is the core business: software drives innovation, and Senacor is technology driven in the company DNA.
