

European Head and Neck Course 2025

8th - 11th December 2025
Edgbaston Park Hotel
Birmingham, UK

Sponsorship Brochure

Course overview

The European Head and Neck course has become a key educational cornerstone in the education of healthcare professionals interested in head and neck cancer.

The course is suitable for trainees (residents and fellows) in ENT, maxillofacial, plastics and oncology in preparation for exams, as well as providing a stimulating update for practising surgeons and physicians.

The three days will cover the current management of head and neck cancers within a multidisciplinary framework. The format will consist of a series of keynote addresses dealing with some of the more controversial topics, in addition to lectures, panel discussions and operative techniques.

Importantly, time is always allocated for audience participation through question and answer sessions, allowing a real engagement of delegates with the experienced faculty.

Objectives

The course aims to present a multidisciplinary approach towards the management of patients with head and neck cancer through the use of surgery, radiotherapy and systemic treatments.

There will be a full discussion of the diagnosis and management of patients with head and neck cancer with particular emphasis given to areas of controversy, and recent advances in diagnostic tools, therapeutic regimes and surgical techniques.

Through panel discussion and question and answer sessions, delegates will benefit from the experience of a faculty assembled from many of the leading head and neck cancer centres in Europe, North America and India.

Monday 8th December

08:00 - 09:00 Registration

Session 1: Chair - Paul Nankivell

09:00 - 09:15 Welcome

09:15 - 09:45 Keynote - General concepts in the management of head and neck cancer

09:45 - 10:05 State of the art imaging for head and neck cancer

10:05 - 10:35 Keynote - Optimising functional outcomes

10:35 - 11:00 Refreshments and exhibition

Session 2: Chair - Paul Nankivell

11:00 - 11:30 Advances in radiation oncology

11:30 - 12:00 Advances in systemic therapies and future developments

12:00 - 12:30 Keynote - State of the art surgical reconstruction

12:30 - 13:30 Lunch and exhibition

Session 3: Robotics Chair - Prav Praveen

13:30 - 13:50 Robotics in HNC

13:50 - 14:10 Management of the unknown primary

14:10 - 14:30 Refreshments and exhibition

Session 4: Oropharynx cancer Chair - René Leemans

14:30 - 15:00 Contemporary management of oropharynx cancer

15:00 - 15:15 Current challenges in oropharyngeal cancer management

15:15 - 17:15 Case discussions - oropharyngeal cancer

17:15 - 17:30 Summary and future perspectives

17:30 Close

Tuesday 9th December

08:00 - 08:30 Refreshments and exhibition

Session 5: Oral cavity cancer Chair - Sat Parmar

08:30 - 09:00 Contemporary management of oral cancer

09:00 - 09:15 Current challenges in oral cancer management

09:15 - 10:45 Case discussions - oral cancer

10:45 - 11:00 Summary and future perspectives

11:00 - 11:30 Refreshments and exhibition

Session 6: Chair - Wojciech Golusiński

11:30 - 11:50 Head and neck paraganglioma

11:50 - 12:20 Keynote - Treatment with re-irradiation

12:20 - 12:40 Management of lateral skull base cancers

12:40 - 13:40 Lunch and exhibition

Session 7: Laryngeal & hypopharyngeal cancer Chair - Paul Pracy

13:30 - 14:00 Contemporary management of larynx and hypopharynx cancer

14:00 - 14:15 Current challenges in larynx & hypopharynx cancer management

14:15 - 15:45 Case discussions - larynx & hypopharynx cancer

15:45 - 16:00 Summary and future perspectives

16:00 - 16:30 Refreshments and exhibition

Session 8: Nasopharynx and skull base Chair - Jonathan Fussey

16:30 - 17:00 Nasopharyngeal cancer

17:00 - 17:30 Keynote - Contemporary management of anterior skull base tumours

17:30 Close

Course Dinner

Wednesday 10th December

09:00 - 09:30 Refreshments and exhibition

Session 9: Salivary cancer Chair - René Leemans

09:30 - 10:00 Keynote - Contemporary management of salivary gland cancer

10:00 - 10:15 Current challenges in salivary gland cancer management

10:15 - 11:45 Case discussions - salivary cancer

11:45 - 12:00 Summary and future perspectives

12:00 - 13:00 Lunch and exhibition

Session 10: Chair - Wojciech Golusiński

13:00 - 13:30 Complex reconstruction and principles in the salvage setting

13:30 - 13:45 State of the art prosthetics

13:45 - 14:15 Keynote - AI and machine learning in HNC

14:15 - 14:45 Refreshments and exhibition

Session 11: Chair - Paul Nankivell

14:45 - 15:05 Frailty in head and neck cancer - selection and functional impact

15:05 - 15:35 Palliative care - what every clinician should consider

15:35 - 16:00 A look to the future of HNC treatment

16:00 Closing comments and course end

Platinum: £7500 + VAT

Recognition:

- A presentation in the morning session on Day 2

Exhibition Stand:

- 4 days exhibition table in the conference venue with a table, chairs, and access to power and Wi-Fi with a choice of position
