

EACWE 2025

The 9th European African Conference on Wind Engineering

Welcome to Trondheim, Norway!

16-19 June 2025

 **NTNU**

Norwegian University of
Science and Technology

EACWE
2025
Trondheim

Call for abstracts

Extended abstract submission open:

1 April 2024

Early registration open: 15 October 2024

Submission deadline: 15 October 2024

More at our website:

www.ntnu.edu/eacwe2025

Topics:

Bluff body aerodynamics
Aeroelasticity
Bridge aerodynamics
Computational wind engineering
Codes and standards
Field measurements
Meteorological phenomena
Wind tunnel testing
Non-synoptic winds
Building aerodynamics
Lattice towers and transmission lines
Cables
Roofs and cladding
Towers and chimneys
Interference effects
Extreme wind events
Wind hazard assessment
Climate change/ future wind speeds
Performance-Based Wind Engineering
Wind-related damage and risk
Wind field simulation
Wind characteristics
Wind energy
Urban wind climate
Wind comfort
Pollutant dispersion
Wind effects on crops and trees
Train/vehicle aerodynamics
Ventilation
Vibration mitigation and control
Machine learning and artificial intelligence

Chair:
Ole Øiseth

Organizing Committee:

Øyvind Wiig Petersen
Aksel Fenerci
Jasna Bogunovic Jakobsen
Jonas Thor Snæbjørnsson
Tor Martin Lystad
Jungao Wang
Bjørn Isaksen
Jason Hearst
Trond Kvamsdal
