2025 PainSA Congress

Date: 16th - 18th May 2025 | Venue: Century City Conference Centre, Cape Town

Friday, 16th May 2025

14h00 - 17h00

Workshops

Essential pain management

This is an entry level type workshop, for those just learning about pain management

Romy Parker

Chronic pelvic pain:

Dive into the complexities of chronic pelvic pain, comorbidities, and multisystemic dysregulation.

Join us for an insightful and interactive session designed to enhance your understanding and management of chronic pelvic pain. Let's work together to make a difference!

This workshop will cover:

Chronic pelvic pain in the context of musculoskeletal, bladder, bowel, and sexual function.

- Highlighting somatic and autonomic aspects.
- Presenting recent research findings.
- Exploring simple, actionable self-management techniques.

Learning Objectives:

- Understand multisystemic comorbidity.
- Appreciate multidirectional relationships.
- Assess people and systems, not just symptoms.
- Acquire simple self-management strategies.

Corina Avni

Ultrasound workshop at Stellenbosch medical school skills lab

Target audience: Doctors and specialists working in ultrasound guided interventions.

5 candidates per station (maximum 6)
8 stations only for ultrasound

1. Blocks for headache
2. Blocks for shoulder, elbow, and wrist
3. Blocks for hips and knees
