

Bethaney Kaye

Director of Medical Affairs
Make-A-Wish® America

Bethaney joined Make-A-Wish America this year as the Director of Medical Affairs.

The National Medical Affairs Team develops and guides national medical outreach, eligibility criteria, referral strategies, educational programs, research and medical outcomes for the Make-A-Wish Foundation and its chapters, along with the National Medical Advisory Council.

Bethaney is a Doctoral trained Nurse Practitioner with a background in Pediatric Palliative Care and Infectious Disease. Throughout her career she has had roles in working with children and their families with critical illnesses, research, and program development.
