

Amanda Dickey

Wish Manager
Make-A-Wish® Alabama

An Auburn University graduate with a bachelor's degree in Biomedical Sciences, Amanda joined Make-A-Wish Alabama in 2018 after earning her Master of Science in Counseling from Faulkner University. Her tenure began as a Wish Coordinator and in 2019 she transitioned to the Wish Manager role, handling the chapter's referrals and intake, medical outreach, and wish coordination. She considers herself incredibly privileged to bring hope to Alabama wish kids through the same organization that granted her wish to go to Disney World in 1998. Since joining the staff, she's discovered that she can, in fact, hike over 30 miles in one day and has completed the Alabama Trailblaze Challenge three times with her husband and sister. Though she does tolerate the great outdoors, she can more often be found indoors either reading or baking cookies.
