

Sunday – June 29, 2025– McLennan Hall 207
2:00 – 5:00 p.m. – 3 CPE Hours

**Pre-Conference Workshop – Sponsored by 9 Square in the Air
Presented by Liz Belzer and Tiffanie Morrow**

Session Title: It's Game Time with 9 SQUARE in the AIR!

Session Description: This workshop is tailor-made specifically for physical education and adaptive physical education (APE) instructors. Are you looking to bring fresh, exciting activities into your program? If so, join us for an interactive workshop where you'll learn how to play **9 Square in the Air** and explore several fun variations! During this session, we'll play games like **Beat the Count, Flush, and Three in Three Out**, and show you how to modify the game to meet the needs of students with different abilities. We'll focus on **Adaptive Learners**, offering strategies to adjust **9 Square in the Air** for students with low motor abilities, sensory concerns, and physical disabilities. You'll walk away with practical ideas on how physical educators and Adaptive PE instructors can create inclusive environments that allow every student to participate fully in physical activities. You'll also get a chance to explore our **new Activity Pack**, designed to take your 9 Square in the Air game to the next level! The pack includes vibrant, high-quality accessories that will help you create engaging and educational activities that go beyond the traditional game. **Bonus:** Teachers who participate in the full 3-hour session will be entered into a drawing to win our **4 Square in the Air** game, valued at \$300! Bring your passion for P.E. and discover new ways to make your program more inclusive and fun for all learners!

Liz Belser had a distinguished 33-year career as a Physical Education teacher in Texas, impacting students across various regions and grade levels. She coached multiple sports, including volleyball, basketball, track, softball, and soccer, while also leading extracurricular activities like running and basketball clubs. Liz served as a District Team Lead for PE teachers, mentoring new educators, developing curriculum, and organizing professional development. Even after retiring, she continues to contribute as an educational specialist for 9 Square in the Air. Liz remains active in her community, volunteering at her grandsons' school and supporting their athletics. Her lifelong commitment to education and sports has made a lasting impact.

Tiffanie Morrow's career in education and athletics is fueled by her passion for inclusivity and physical activity. As an Adapted Physical Education Teacher and Head of Delegations for Special Olympics, Tiffanie ensures students with disabilities have equal access to sports, adapting programs to their unique needs. Her leadership has created lasting opportunities for students to excel in both physical education and competitive sports. With experience teaching at the elementary and middle school levels, Tiffanie also coached athletics and served as the athletic coordinator. In addition to her APE duties, she also serves as an educational specialist for 9 Square in the Air, she continues to promote fun, inclusive physical activities. Outside of work, Tiffanie enjoys spending time with her family and staying active.
